

# Nighthawk-HBI™ XP WAD

## Next-Generation Handheld X-Ray Imager

Ideal Union of Image Quality, Penetration, Ergonomics and Safety. Automatic Lead-Trap Identification. New Engineered Detector and Upgradeable Higher Energy. Integrates with Osprey Under-Vehicle Scanner and Wingbar Tablet.

NIGHTHAWK-HBI™ XP

### AUTOMATIC LEAD-TRAP DETECTION

Lead-lining used to conceal contraband

Contraband without lead-lining

### IMAGING ENHANCEMENTS

### WIDE AREA DETECTOR

- Configured at time of purchase
- Deeper and wider scans
- Improves radiation dose

### HIGHER ENERGY

- Upgradeable
- < 0.5 lbs. weight add (patented low-weight design)

### INTEGRATED TECHNOLOGIES

### OSPREY-UVX™

Under-Vehicle X-Ray Scanner

### WINGBAR-TAB™

Remote Tablet (10.5")

# Specifications, Configurations & Options

## Nighthawk-HBI™ XP WAD

Next-Generation Handheld X-Ray  
Imager

### NIGHTHAWK-HBI™ XP WAD SPECIFICATIONS

WEIGHT	10.3 lbs. (4.7 kg) including battery pack for the base system (no options)
SIZE	11.75" (29.8 cm) x 10.75" (27.3 cm) x 7.0" (17.8 cm)
SCAN SPEED	Up to 12" (30 cm) per second
BATTERIES	Rechargeable Li-ion battery pack 5.5 hours while taking X-ray scans and system is turned off when not in use
DISPLAY	Color touchscreen LCD
OPERATING CONDITIONS	-4° F (-20° C) to 140° F (60° C)

### FEATURES, ACCESSORIES & OPTIONS

LEAD (Pb) TRAP DETECTION	Configuration Option
WINGBAR-TAB	Option - 10.1" remote tablet accessory
X-RAY GENERATOR	140 keV X-Ray Source
IMAGING	<ul style="list-style-type: none"><li>Manual Contrast, Image Colorization, Image Inversion</li><li>Image Compare, Image Stitching</li><li>Automatic Contrast and Image Enhancement</li></ul>
CONNECTIVITY	 USB-C  Bluetooth  WiFi
STANDARD ACCESSORIES	Lockable waterproof case Adjustable safety strap 110/220 V AC battery charger and spare battery pack
OPERATIONAL ACCESSORIES	Ruggedization Kit, Tactical Backpack

#### Nighthawk-HBI XP WAD Imaging Performance (Steel and Steel Equivalent Penetration)

- Penetration performance is greater than 7.5mm steel equivalent

Material Type	Material Thickness
Steel	7.5mm (.3")
Aluminium	34mm (1.33")
Concrete	39mm (1.54")
Carbon Fiber	83mm (3.29")
Plastic	133mm (5.24")
Drywall / Sheetrock	73mm (2.88")
Wood	192mm (7.56")
Ceramic Tile	26mm (1.03")
Rubber	133mm (5.24")
